

TARS annual weather spotter classes 2014:

By our friends at the Paducah National Weather Service Office

March 1, 2014

Evansville Red Cross

Lloyd and Stockwell

8:00 am to Noon

March 19, 2014

University of Southern Indiana

(exact location announced later)

6:00 pm to 9:00 pm (may run a little over)

Mark your schedules and invite friends, family and associates.

The more trained weather spotters we have in the area increases our chances of early warning in the event of bad weather.

Time saves lives when it comes to early warnings.
